12. International Representative's Report (Eric Mines)

- Since our last Conference meeting, the International Board has only meet on one occasion (July 19th at the International Convention). Below are highlights since the MDC Winter 2011 meeting:

- Membership: Renewal packages should be sent out by the International Office the second week of October. Please take time to read the information, make any necessary changes to ensure that the International Office has the correct information on file for your members. Also remember that no late renewal packages can be accepted after September 30, and anyone wanting to renew after that date will have to reapply the following year.
- Discounts: Coleman Power Sports has been added to the list of businesses offering discounts to our membership. They are offering a 15% discount to Blue Knights and will donate 5% of your online ordering to COPS. A list of chapter codes was sent to the conference reps to be disseminated to our chapters. This apparently took place before I resumed this position.
- Charity Stats: Over one million dollars has been donated during fiscal year 2010. This puts the Blue Knights donations of goods and services over \$14,000,000 since records have been kept. Please remember that charity stats can be reported online in the members' only section. Please try to report this info as donations are made and not all at once. Also please make sure that the information you submit is complete as some reports have been received without even identifying the chapter.
- Blue Knights News: The 2011 sales catalogue will be in the fall issue of the newsletter.
- Annual General Membership Meeting: The two by-law changes passed by the International Board of Directors in May of this year were upheld by the general membership at the International Convention. The election of the International Executive Board will now be held at the convention every two years on the odd numbered year. The other change involves changes in the dates for implementation of the verification committee to correspond to the new election dates.
- Agenda Items:
 - A proposal by the European Conference to use the internet for chapter renewals that had been tabled at the previous BOD meeting was again tabled to get more information from the International Office.
 - A proposal by the GLRC to establish a procedure for handling membership applications and renewals for members at large was approved. New applications and renewals for members at large will now be sent to the respective conferences for verification of qualification and dues collection.
 - A proposed sexual harassment policy was submitted by the legal committee. This proposal was tabled indefinitely until it is revised and approved by the BK attorneys.
 - I submitted a proposal to outsource all future international elections as voted on in our last conference meeting. Prior to submitting this proposal I spoke with several members of the Election

Procedure Committee. This committee was put in place following the 2011 ballot counting to look at other options for conducting international elections. After speaking to the committee I was assured that they are leaning in the direction of outsourcing and have put this issue on the fast track. To allow the committee to complete their work, I agreed to table this motion until the first meeting of next year. At that time our original proposal will automatically be placed on the agenda, and be assured that I will fight for what this conference voted for.

▪ The European Conference also proposed that any conference that elects not to receive the International BOD meeting minutes by mail will receive an additional \$500 in recruitment funds annually. This motion passed unanimously. This means that we will need to decide whether or not we want the minutes mailed to each chapter.

NOTE: *Please remember that my report is a synopsis of board activity. Read the full minutes which are currently on the international website and currently mailed to each chapter president.*

13. Vice Chairman's Remarks: (Mike Pollinger):

- b. As of 30 August, the MDC has 77 Chapters and 2763 members (making us the largest conference in the organization).
- c. There are two starter kits out.
- d. To reiterate, please ensure each Chapter is checking the status and validity of applicants. The board has had many challenges over the last three months in regards to membership issues and thanks to Rick Clark for his work in the inquiry if the North Carolina issues. If you have questions, contact your State Reps for assistance.
- e. When the renewal packets arrive...check the address and make any required changes.
- f. Reminder that the Recruiting and Retention money is available...contact me for details and any required assistance.
